Weekly Report

Team Name	TechOps
Class	CS 4850
Team Members	Jeswin Abraham, Alex Bates, Phillip Bouie, Naga Gattupalli
Project Week	9/26/2016 – 10/02/2016

Individual Contributions

Name	Tasks/Accomplishments
Jeswin Abraham	Revised the Introduction section of the software requirements specification document. Reviewed other parts of the software requirements specification and made some changed. Working on the dimension part of the parking lot to create dimensions for each space.
Alex Bates	Did some work in the SRS document. Downloaded and tested the Nvidia DIGITS library to use with Caffe. Using DIGITS, made an initial data set and training model to use going forward in the project.
Phillip Bouie	• Communicated with my team members for an updated status of the Software Requirement Specification document. • Completed assigned sections on the Software Requirement Specification document. • Researched new ideas about our team project
Naga Gattupalli	Researching on display requirements for parking space availability indicator. Working on GUI design interface for parking rules display.
